Illinois Building Codes by City

Exported from the Notion *Building Codes* page (Illinois Cities database), Oct 5, 2026. 60 cities, sorted by recent claim volume. Every city is still marked **In progress**, so confirm with the building department before citing. **Unknown** means not yet confirmed, not that the item isn't required. Unincorporated addresses follow the county code.

Claim leverage (from *Illinois Claim Approval Codes – First 15*, prepared 2026-10-07) is included for the 15 highest-volume cities. It shows the code provisions that can defeat a partial repair, expand scope, or support full replacement. The ratings:

Purpose	Use this sheet to identify code provisions that can help defeat a partial repair, expand required scope, or support full replacement when the facts trigger the provision.
STRONG	Local/municipal language or a particularly useful adopted-code provision was verified.
SUPPORTING	Useful adopted model-code provisions exist, but they generally support scope/repairability rather than independently forcing full replacement.
PENDING / VERIFY	Do not send to a carrier as a final authority until the identified municipal adoption/amendment issue is confirmed.
Important	A rule describing what must happen WHEN a roof is replaced is not automatically a rule requiring replacement. Always tie the code to the carrier's proposed repair, existing conditions, manufacturer instructions, and documented damage.
Proof links	Adoption / Enforcement Proof establishes that the jurisdiction uses the code. Direct Requirement Proof points to the actual local requirement or model-code provision.

Summary

City	County	Vol.	Claims	Leverage	Code edition	Reroof permit	Max layers	Ice & water	Drip edge	Phone

City details

Chicago

County	Cook	**Claim volume**	High (81 recent claims)
Code edition	City code (not IRC)	**Research status**	In progress · last checked 2026-10-01
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	312-744-3449
Code source	https://codelibrary.amlegal.com/codes/chicago/latest/chicago_il/0-0-0-2673955		
Building dept website	https://www.chicago.gov/city/en/depts/bldgs.html		
Notes	Chicago uses its own Chicago Construction Codes, not the IRC. Reroofing: 14R-3-306. Roof coverings: 14B-15-1507. Researched Oct 1, 2026 from search results only; code text not opened. Confirm before citing.		

Claim leverage	**STRONG**
Adopted / enforced code	Chicago Construction Codes / Existing Building Code
Code / section	Chicago §14R-3-306.1, .3, .5, .6
Verified requirement	Roof repair not exceeding 25% of an existing roof may use Chapter 4; roof replacement requires removal of existing roof-covering layers to the deck. Rusted/damaged/deteriorated vent flashing, metal edging, drain outlets, collars and counterflashing may not be reinstalled. Flashings must be reconstructed per manufacturer instructions.
How it helps vs. partial scope	Useful where the carrier scope disturbs/reuses damaged metals or flashing, or where the proposed scope becomes reroofing/replacement. Supports expanded metal/flashing scope and full tear-off once replacement is established.
Carrier argument / limitation	Does NOT say that >25% damage automatically requires full replacement. Use the exact facts and proposed repair method.
Adoption proof	https://codelibrary.amlegal.com/codes/chicago/latest/chicago_il/0-0-0-2673955
Requirement proof	https://codelibrary.amlegal.com/codes/chicago/latest/chicago_il/0-0-0-2673955

Lynwood

County	Cook	**Claim volume**	High (39 recent claims)
Code edition	2012 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-758-6380
Code source	https://library.municode.com/il/lynwood/codes/code_of_ordinances?nodeId=COOR_CH18BUBURE_ARTIIMISTCO_DIV4ELCO		
Building dept website	https://www.lynwoodil.us/government/building_department/index.php		
Notes	2012 IRC with appendices G, H, M. Edition is older than the state baseline under PA 103-0510 (eff. 1/1/2025); village may have updated. Local amendments not yet reviewed. Researched Oct 1, 2026.		

Claim leverage	**SUPPORTING**
Adopted / enforced code	2012 IRC with local amendments
Code / section	Village §§18-82–18-83 + 2012 IRC Ch. 9 reroofing
Verified requirement	Village adopts the 2012 IRC for construction, alteration, repair and replacement. Local amendments govern where they modify the model code.
How it helps vs. partial scope	Use the adopted IRC reroofing provisions and manufacturer-instruction requirements to test whether the carrier's proposed repair/recover is code-compliant.
Carrier argument / limitation	No municipality-specific full-replacement trigger verified tonight. Model-code provisions should be paired with the adoption section and checked against §18-83 amendments.
Adoption proof	https://library.municode.com/il/lynwood/codes/code_of_ordinances?nodeId=COOR_CH18BUBURE_ARTIIMISTCO_DIV4ELCO
Requirement proof	https://library.municode.com/il/lynwood/codes/code_of_ordinances?nodeId=COOR_CH18BUBURE_ARTIIMISTCO_DIV4ELCO

Crete

County	Will	**Claim volume**	High (34 recent claims)
Code edition	2003 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	708-672-2731
Code source	https://library.municode.com/il/crete		
Building dept website	https://villageofcrete.org/government/departments/building-department/permits-and-inspections/		
Notes	Village site lists the 2003 IRC (may be out of date). 2003 IRC has no drip-edge requirement. Edition is older than the state baseline under PA 103-0510. Local amendments not yet reviewed. Researched Oct 1, 2026.		

Claim leverage	**STRONG**
Adopted / enforced code	2003 IRC + Village Re-Roofing Guide
Code / section	Village Re-Roofing Guide 08-019
Verified requirement	Max two layers of 3-tab roofing; architectural shingles cannot be installed over existing shingles; complete tear-off required when existing covering is water-soaked, curling or deteriorated so it is inadequate as a base. Deficient/deteriorated sheathing must be stripped to rafters and re-sheathed. Damaged/rusted/deteriorated vent flashing, metal edging, outlets, collars and counterflashings cannot be reinstalled. Materials must follow code and manufacturer instructions.
How it helps vs. partial scope	Very useful when the carrier proposes overlay/recover, reuse of damaged metals, or a repair over an unsuitable existing roof. Can directly create tear-off and decking/metal scope depending on field conditions.
Carrier argument / limitation	Condition-based. Document the existing layer count, shingle type, deterioration, decking condition and metal condition.
Adoption proof	https://villageofcrete.org/government/departments/building-department/permits-and-inspections/
Requirement proof	https://villageofcrete.org/wp-content/uploads/2019/05/08-019-Re-Roofing.pdf

Chicago Heights

County	Cook	**Claim volume**	High (20 recent claims)
Code edition	2018 IRC	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-756-5328
Code source	https://cityofchicagoheights.org/DocumentCenter/View/3208/Application-for-Building-Permit		
Building dept website	https://cityofchicagoheights.org/176/Code-Enforcement		
Notes	2018 IRC per the city's building permit application. Permits: permits@chicagoheights.net. Reroof permit rules and local amendments not yet confirmed. Researched Oct 1, 2026.		

Claim leverage	**SUPPORTING**
Adopted / enforced code	2018 IRC
Code / section	City §11-16 + IRC R908.1, R908.3, R908.3.1
Verified requirement	City adopts the 2018 IRC for replacement and repair. IRC R908 requires reroofing methods to comply with Chapter 9; roof replacement requires removal of existing roof coverings to the deck; recover is limited to listed conditions and manufacturer-approved instructions.
How it helps vs. partial scope	Use to challenge a proposed recover/repair that cannot satisfy Chapter 9 or manufacturer instructions, and to establish tear-off scope once replacement is justified.
Carrier argument / limitation	R908.3 defines the scope of roof replacement; it does not by itself convert isolated damage into full replacement.
Adoption proof	https://library.municode.com/il/chicago_heights/codes/code_of_ordinances?nodeId=COOR_CH11BU
Requirement proof	https://codes.iccsafe.org/content/IRC2018/chapter-9-roof-assemblies
Verification status	Verified adoption + model code · 2026-10-07

Olympia Fields

County	Cook	**Claim volume**	High (18 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	Unknown
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	708-503-8000 ext. 3401
Code source	https://library.municode.com/il/olympia_fields/codes/code_of_ordinances		
Building dept website	https://www.olympia-fields.com/148/Building-Department		
Notes	Adopted IRC edition not found online. A 2024 Cook County hazard plan mentions a plan to update to the 2012 ICC codes, which suggests an older edition. Call to confirm. Permits: permits@olympia-fields.com. Researched Oct 1, 2026.		

Claim leverage	**PENDING / CAUTION**
Adopted / enforced code	Technical codes updated by Ord. 2024-02; exact current IRC edition needs confirmation
Code / section	Ordinance 2024-02
Verified requirement	Village adopted an ordinance in 2024 to update its technical codes. The older Illinois directory data is not sufficient to establish the current residential roofing edition for a carrier argument.
How it helps vs. partial scope	Do not rely on the old 'Unknown' entry or assume an IRC edition. Use only once the current residential/roofing code text is confirmed.
Carrier argument / limitation	No verified full-replacement or expanded-scope roofing provision located tonight that I would send to a carrier without further confirmation.
Adoption proof	https://www.olympia-fields.com/AgendaCenter/ViewFile/Item/2959?fileID=2439
Requirement proof	https://www.olympia-fields.com/AgendaCenter/ViewFile/Item/2959?fileID=2439
Verification status	Partial – adoption update verified, roofing provision pending · 2026-10-07

South Holland

County	Cook	**Claim volume**	High (13 recent claims)
Code edition	2018 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-210-2900 ext. 5201
Code source	https://library.municode.com/il/south_holland/codes/code_of_ordinances?nodeId=CO_CH6BUBURE_ARTIIBUCO_DIV1GE		
Building dept website	https://southholland.org/departments/community-development/permits-contractor-information		
Notes	2018 IRC with appendices E, F, G, H, J, K, M, O, T. Permits: permits@southholland.org. Local amendments not yet reviewed. Researched Oct 1, 2026.		

Claim leverage	**SUPPORTING**
Adopted / enforced code	2018 IRC / 2018 IEBC
Code / section	2018 IRC R908.1, R908.3, R908.3.1
Verified requirement	Village materials confirm 2018 IRC/IEBC. Under 2018 IRC, reroofing must comply with Chapter 9; roof replacement requires removal to deck; recover is limited and must satisfy manufacturer-approved instructions.
How it helps vs. partial scope	Useful to challenge a carrier repair/recover that conflicts with manufacturer instructions or reroofing requirements; supports tear-off after replacement is established.
Carrier argument / limitation	No unique South Holland full-replacement trigger verified tonight.
Adoption proof	https://southholland.org/wp-content/uploads/2025/06/Plan-Submission-Information_2024.pdf
Requirement proof	https://codes.iccsafe.org/content/IRC2018/chapter-9-roof-assemblies
Verification status	Verified adoption + model code · 2026-10-07

Hazel Crest

County	Cook	**Claim volume**	High (12 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	Unknown
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	708-335-9600
Code source	https://library.municode.com/il/hazel_crest/codes/code_of_ordinances?nodeId=MUCO_CH14HO		
Building dept website	https://villageofhazelcrest.org/departments/inspectional_services/index.php		
Notes	Adopted IRC edition not found online (only the 2012 Property Maintenance Code). Roof permits required; allow 7-10 days. Call Inspectional Services to confirm the edition. Researched Oct 1, 2026.		

Claim leverage	**SUPPORTING / VERIFY**
Adopted / enforced code	2012 IRC / 2012 IEBC shown in municipal code
Code / section	Village Ch. 6 §§6-1, 6-2 + adopted IRC reroofing provisions
Verified requirement	Municipal code contains the residential code adoption/amendment framework and separately identifies 2012 IBC/IEBC. Roofing leverage depends on the adopted IRC reroofing language and local amendments.
How it helps vs. partial scope	Potentially useful for recover/layer/manufacturer-instruction arguments, but the exact current residential adoption text should be pulled before citing a carrier.
Carrier argument / limitation	I would not send a model-code-only full-replacement argument for Hazel Crest yet. Current edition/amendments need a final municipal-text check.
Adoption proof	https://library.municode.com/il/hazel_crest/codes/code_of_ordinances?nodeId=MUCO_CH6BUBURE
Requirement proof	https://library.municode.com/il/hazel_crest/codes/code_of_ordinances?nodeId=MUCO_CH6BUBURE
Verification status	Needs final current-edition confirmation · 2026-10-07

Aurora

County	Kane, DuPage, Will, Kendall	**Claim volume**	High (11 recent claims)
Code edition	2024 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	Attic ventilation	**Building dept phone**	630-256-3130
Code source	https://aurora-il.legistar.com/LegislationDetail.aspx?ID=7436724&GUID=D8496140-E565-4639-BA61-DD8CD4C3EC02		
Building dept website	https://www.aurora.il.us/Property-and-Business/Permits/Permit-List/Roofing		
Notes	2024 I-codes with city amendments, Ord. 25-0321, in force since Jan 1, 2026 (2015 codes before that). Every roofing permit needs a ventilation calculation worksheet based on an attic inspection. Roofers must register with the city. Researched Oct 1, 2026.		

Claim leverage	**STRONG SUPPORTING**
Adopted / enforced code	2024 IRC with City amendments
Code / section	City §12-16 + 2024 IRC R904.1-.2, R908.3-.6
Verified requirement	2024 IRC adopted. Roof assemblies must follow manufacturer installation instructions and use compatible materials. Roof replacement requires removal to deck. Existing flashings/edgings/outlets/vents that are rusted, damaged or deteriorated must be replaced. Flashings must be reconstructed per approved manufacturer instructions.
How it helps vs. partial scope	Strong for discontinued/incompatible repair arguments, manufacturer-required replacement scope, and damaged metal/flashing replacement. Also supports full tear-off once roof replacement is established.
Carrier argument / limitation	Compatibility/manufacturer provisions can defeat a proposed repair only when you document why the proposed material/system is incompatible or violates instructions.
Adoption proof	https://aurora-il.municipalcodeonline.com/book/print?name=DIVISION_12-II-1_GENERALLY&type=ordinances
Requirement proof	https://codes.iccsafe.org/content/IRC2024P2/chapter-9-roof-assemblies
Verification status	Verified adoption + model code · 2026-10-07

Markham

County	Cook	**Claim volume**	High (11 recent claims)
Code edition	2006 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	708-331-4905 ext. 319
Code source	https://codelibrary.amlegal.com/codes/markham/latest/markham_il/0-0-0-8379		
Building dept website	https://www.cityofmarkham.net/211/Building-Housing-Department		
Notes	City code §150.086 adopts the 2006 IRC and 2015 IBC. Roofing must meet the 2006 IRC and the manufacturer's guidelines. 2006 IRC has no drip-edge requirement. Edition is older than the state baseline under PA 103-0510. Researched Oct 1, 2026.		

Claim leverage	**STRONG**
Adopted / enforced code	2006 IRC + City roofing requirements
Code / section	Markham §150.086(F)(1)-(2)
Verified requirement	Roofing systems/installation must comply with the 2006 IRC, city ordinances/procedures and manufacturer guidelines. Ice/water protection required. Corrosion-resistant flashing required at chimney/roof junctions, roof-wall intersections, all valleys and roof openings; open valleys require specified metal flashing.
How it helps vs. partial scope	Excellent for expanding partial scopes involving valleys, flashing, underlayment and manufacturer-required work. A carrier repair that cannot be installed to manufacturer guidelines is directly vulnerable.
Carrier argument / limitation	Not an automatic full-roof rule. Tie each requested item to the actual repair path and manufacturer instructions.
Adoption proof	https://codelibrary.amlegal.com/codes/markham/latest/markham_il/0-0-0-8379
Requirement proof	https://codelibrary.amlegal.com/codes/markham/latest/markham_il/0-0-0-8379
Verification status	Verified – local roofing requirements · 2026-10-07

Park Forest

County	Cook, Will	**Claim volume**	High (11 recent claims)
Code edition	2018 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Required	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-503-7703
Code source	https://library.municode.com/il/park_forest		
Building dept website	https://www.villageofparkforest.com/173/Permits		
Notes	2018 IRC. Village selected YES for ice barrier in IRC Table R301.2(1), so ice barrier underlayment is required. Roofing is a $60 home improvement permit. Researched Oct 1, 2026.		

Claim leverage	**STRONG SUPPORTING**
Adopted / enforced code	2018 IRC with Village amendments
Code / section	Village adoption + IRC R905/R908; Village ice-barrier designation
Verified requirement	Village confirms 2018 IRC and expressly designates ice-barrier underlayment as required. 2018 IRC reroofing provisions require Chapter 9 compliance, removal to deck for roof replacement, and manufacturer-approved instructions for recover.
How it helps vs. partial scope	Useful for code-upgrade scope triggered by replacement and for defeating a recover/repair that cannot satisfy manufacturer instructions. Ice barrier is clearly enforceable.
Carrier argument / limitation	Ice barrier adds replacement scope but does not independently prove the entire roof must be replaced.
Adoption proof	https://villageofparkforest.com/173/Permits
Requirement proof	https://codes.iccsafe.org/content/IRC2018/chapter-9-roof-assemblies
Verification status	Verified adoption + local ice-barrier selection · 2026-10-07

Building dept website	https://www.village.homewood.il.us/how-do-i/apply-for/building-permits		
Notes	2018 ICC codes with local amendments. Permits: buildingdepartment@homewoodil.gov or the online portal; 2-4 weeks to process. Local amendments not yet reviewed. Researched Oct 1, 2026.		

Claim leverage	**SUPPORTING / VERIFY**
Adopted / enforced code	2018 IRC with local amendments (per existing database / Village adoption materials)
Code / section	2018 IRC R908; local amendments to be checked
Verified requirement	Where 2018 IRC applies, reroofing must comply with Chapter 9, replacement requires removal to deck, and recover is constrained by manufacturer-approved instructions.
How it helps vs. partial scope	Can support tear-off once replacement is established and can challenge non-manufacturer-compliant repair/recover proposals.
Carrier argument / limitation	Tonight's version does not claim a unique Homewood full-replacement trigger. Verify the current Village adoption/amendment page before carrier use.
Adoption proof	https://www.village.homewood.il.us/how-do-i/apply-for/building-permits
Requirement proof	https://codes.iccsafe.org/content/IRC2018/chapter-9-roof-assemblies
Verification status	Model-code leverage identified; local text final-check needed · 2026-10-07

Flossmoor

County	Cook	**Claim volume**	Medium (9 recent claims)
Code edition	2018 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	
Code source	https://www.flossmoor.org/247/Building-Code		
Building dept website	https://www.flossmoor.org/149/Building-Zoning-Department		
Notes	2018 IRC with village amendments. Village publishes a Roof Fact Sheet and Roofing Code Requirements PDF (Permit Fact Sheets page) - pull it. Roofers need a state roofing license. Applications: jfisher@flossmoor.org. Researched Oct 1, 2026.		

Claim leverage	**STRONG**
Adopted / enforced code	2018 IRC with amendments
Code / section	Village Roofing Code Requirements; IRC R905 / R908
Verified requirement	Village roofing document requires solidly sheathed decks, ice/water barrier over heated structures, manufacturer-installed base/cap and valley flashing, drip edge/gutter apron, manufacturer installation of shingles, and limits roof recover to manufacturer-approved instructions and IRC R908.3.1.
How it helps vs. partial scope	Very useful for repairability: a partial repair must still satisfy deck, flashing, edge and manufacturer requirements. Use manufacturer instructions plus the Village document to show when the proposed repair cannot be performed compliantly.
Carrier argument / limitation	These requirements can expand scope substantially, but do not automatically equal full roof replacement without a repairability/trigger fact.
Adoption proof	https://www.flossmoor.org/641/Building-Permits
Requirement proof	https://www.flossmoor.org/DocumentCenter/View/664/Roofing-Code-Requirements
Verification status	Verified – Village roofing requirements · 2026-10-07

West Chicago

County	DuPage	**Claim volume**	Medium (9 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Required	**Drip edge**	Required
Other code items	—	**Building dept phone**	630-293-2200 ext. 131
Code source	https://westchicago.org/building-permits/		
Building dept website	https://westchicago.org/building-permits/		
Notes	2021 IRC. Every roof permit includes an ice & water shield inspection. Flat $80 fee for roofs/siding. Inspection line: 630-818-3344. Researched Oct 1, 2026.		

Claim leverage	**STRONG SUPPORTING**
Adopted / enforced code	2021 IRC
Code / section	2021 IRC R908 + City required ice/water shield inspection
Verified requirement	City confirms roof work requires an ice & water shield inspection. Adopted 2021 IRC reroofing provisions govern replacement/recover and manufacturer installation requirements.
How it helps vs. partial scope	Useful for code-required underlayment scope and for challenging repairs/recovers that cannot meet the adopted reroofing/manufacturer requirements.
Carrier argument / limitation	Ice/water inspection proves required scope during roofing work; it does not by itself trigger full replacement.
Adoption proof	https://westchicago.org/building-permits/
Requirement proof	https://westchicago.org/building-permits/
Verification status	Verified City requirement; model-code section should accompany carrier submission · 2026-10-07

Beecher

County	Will	**Claim volume**	Medium (8 recent claims)
Code edition	2015 IRC	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-946-2261
Code source	https://codelibrary.amlegal.com/codes/beecheril/latest/beecher_il/0-0-0-1528		
Building dept website	https://www.villageofbeecher.org/village-departments/building-department/		
Notes	Village Code 4-1-1: 2015 IRC/IBC with local amendments. A search result also says the village adopted the 1999 BOCA code as its roofing code; that sounds outdated, confirm. Inspections: Safebuilt 815-255-9047. Researched Oct 1, 2026.		

Claim leverage	**SUPPORTING**
Adopted / enforced code	2015 IRC with local amendments
Code / section	Village Code 4-1-1 / 2015 IRC reroofing provisions
Verified requirement	Village code adopts the 2015 IRC. The 2015 IRC defines roof replacement as removal of existing covering, repair of damaged substrate and installation of new covering; Chapter 9 governs recovering/replacement.
How it helps vs. partial scope	Useful for damaged substrate/decking and reroofing scope once replacement is established; manufacturer and Chapter 9 requirements can be used to test a proposed repair.
Carrier argument / limitation	No Beecher-specific matching/full-replacement trigger verified tonight. Do not overstate the 2015 IRC definition as a replacement trigger.
Adoption proof	https://codelibrary.amlegal.com/codes/beecheril/latest/beecher_il/0-0-0-1528
Requirement proof	https://codes.iccsafe.org/content/IRC2015/chapter-2-definitions
Verification status	Verified adoption from municipal code; supporting leverage · 2026-10-07

Cicero

County	Cook	**Claim volume**	Medium (8 recent claims)
Code edition	2024 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-656-3600
Code source	https://library.municode.com/il/cicero/codes/code_of_ordinances?nodeId=PTIICOOR_CH22BUBURE_ARTIINGE_S22-13ENCO		
Building dept website	https://thetownofcicero.com/government/building-department/		
Notes	Town of Cicero: 2024 IRC/IBC/IEBC per search results. Permit contacts at 708-656-3600: ext. 469 (roofing), ext. 799 (building permits). Researched Oct 1, 2026.		

Claim leverage	**STRONG SUPPORTING**
Adopted / enforced code	2024 IRC with Town amendments
Code / section	Town §22-1 + 2024 IRC R904.1-.2, R908.3-.6
Verified requirement	2024 IRC applies subject to Town amendments. Roof assemblies must follow manufacturer instructions and compatible-material requirements. Replacement requires removal to deck; damaged/deteriorated flashings, edgings, outlets and vents must be replaced; flashing reconstructed per manufacturer instructions.
How it helps vs. partial scope	Strong for incompatible/discontinued material and manufacturer-instruction arguments, plus damaged metals/flashing and tear-off after replacement is established.
Carrier argument / limitation	Final carrier package should cite Cicero's official §22-1 adoption page together with ICC. Tonight's source for the amendment summary was cross-checked, but direct Town code URL should be preferred when available.
Adoption proof	https://library.municode.com/il/cicero/codes/code_of_ordinances?nodeId=PTIICOOR_CH22BUBURE_ARTIINGE_S22-13ENCO
Requirement proof	https://codes.iccsafe.org/content/IRC2024P2/chapter-9-roof-assemblies
Verification status	Adoption identified; direct Town page should be final-click checked · 2026-10-07

Dolton

County	Cook	**Claim volume**	Medium (8 recent claims)
Code edition	2015 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-201-3296
Code source	https://vodolton.org/housing-permits/		
Building dept website	https://vodolton.org/housing-permits/		
Notes	2015 IRC/IBC with local amendments by village ordinance. Roofers must provide a state roofing license. 14122 Chicago Rd. 2015 IRC is older than the PA 103-0510 baseline window. Researched Oct 1, 2026.		

Glenwood

County	Cook	**Claim volume**	Medium (8 recent claims)
Code edition	2015 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-753-2416
Code source	https://library.municode.com/IL/glenwood/codes/code_of_ordinances?nodeId=COOR_CH22BUBURE_ARTIIIBUCO_S22-85DECOSI		
Building dept website	https://www.villageofglenwood.com/inspectionalservices		
Notes	2015 IRC and IBC. Roofing contractors need a 2025-26 village roofing contractor license. Inspectional Services, One Asselborn Way. 2015 IRC is older than the PA 103-0510 baseline window. Researched Oct 1, 2026.		

Country Club Hills

County	Cook	**Claim volume**	Medium (7 recent claims)
Code edition	2015 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-798-2616
Code source	https://countryclubhills.org/wp-content/uploads/2021/05/building-code-3.pdf		
Building dept website	https://countryclubhills.org/departments-services/community-development/		
Notes	2015 IRC. Permit fees: roof repair $60, roof replacement $150. Buildingdept@countryclubhills.org, 4200 Main St. 2015 IRC is older than the PA 103-0510 baseline window. Researched Oct 1, 2026.		

Harvey

County	Cook	**Claim volume**	Medium (7 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	Unknown
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	708-210-5300
Code source	https://www.codepublishing.com/IL/Harvey/html/Harvey15/Harvey1502.html		
Building dept website	https://www.cityofharveyil.gov/residential-services/building-inspectional-services/		
Notes	City Code Ch. 15-02 adopts ICC codes including the IRC, but the edition was not found. Call to confirm. Roofs need a permit. 15320 Broadway. Researched Oct 1, 2026.		

Sauk Village

County	Cook, Will	**Claim volume**	Medium (7 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	Unknown
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	
Code source	https://library.municode.com/il/sauk_village		
Building dept website	https://www.saukvillage.org/government/community-development-department/building-permits-and-inspections/		
Notes	Adopted IRC edition not found (code is in Municode Ch. 14). Call to confirm. Permit required for roof repair or replacement; submit by mail, front desk, or hfernandez@saukvillage.org. Phone not found. Researched Oct 1, 2026.		

Frankfort

County	Will	**Claim volume**	Medium (6 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	815-469-2177
Code source	https://www.frankfortil.org/Residential%20construction%20guidelines%20updated%203.03.2022.pdf		
Building dept website	https://www.frankfortil.org/departments/building/permits_inspections.php		
Notes	2021 IRC (an older village document references the 2012 IRC; confirm). Roofing permit application; roofers submit state license. VOFbuilding@frankfortil.org. Researched Oct 1, 2026.		

Lansing

County	Cook	**Claim volume**	Medium (6 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-895-7193
Code source	https://www.villageoflansing.org/village_departments/building_department/index.php		
Building dept website	https://www.villageoflansing.org/village_departments/building_department/permits.php		
Notes	2021 IRC. Permits required for re-roofs. 3141 Ridge Rd; Mon-Fri 7-5. Researched Oct 1, 2026.		

Matteson

County	Cook	**Claim volume**	Medium (6 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-481-8313
Code source	https://codelibrary.amlegal.com/codes/matteson/latest/matteson_il/0-0-0-22375		
Building dept website	https://www.villageofmatteson.org/departments/community_development/building_services.php		
Notes	Sources conflict: village page says 2024 IRC with local amendments; Village Code 150.003 (Ord. 4476, Oct 2021) adopted the 2018 IRC. Either way drip edge is required. Call to confirm the edition. Researched Oct 1, 2026.		

Mokena

County	Will	**Claim volume**	Medium (5 recent claims)
Code edition	2024 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Required	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-479-3900
Code source	https://codelibrary.amlegal.com/codes/mokenail/latest/mokena_il/0-0-0-5611		
Building dept website	https://www.mokena.org/pview.aspx?id=20958&catid=551		
Notes	Village Code 8-2-2: 2024 IRC. Village re-roofing guide: ice & water membrane per 2024 IRC R905.1.2, self-adhering polymer-modified bitumen. Reroof permit required, no fee and no inspection. Researched Oct 1, 2026.		

Richton Park

County	Cook	**Claim volume**	Medium (5 recent claims)
Code edition	2018 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-481-8950 ext. 153
Code source	https://codelibrary.amlegal.com/codes/richtonpark/latest/richtonpark_il/0-0-0-22862		
Building dept website	https://richtonpark.org/88/Building-Code		
Notes	2018 IRC with local amendments (Part Fourteen). Roof repairs and replacements need a permit. permits@richtonpark.org. Researched Oct 1, 2026.		

Riverdale

County	Cook	**Claim volume**	Medium (5 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-849-1798
Code source	https://ecode360.com/47893173		
Building dept website	https://villageofriverdale.net/departments/inspectional-services/		
Notes	Village Code Ch. 15.02: 2021 IRC. Roofing needs a permit from Inspectional Services, 725 W. 138th St. Researched Oct 1, 2026.		

Steger

County	Will, Cook	**Claim volume**	Medium (5 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	Unknown
Ice & water shield	Unknown	**Drip edge**	Unknown
Other code items	—	**Building dept phone**	708-755-0223
Code source	https://library.municode.com/IL/steger/codes/code_of_ordinances?nodeId=MUCO_CH18BUBURE_ARTVIIPRMACO		
Building dept website	https://villageofsteger.org/departments/building-department/		
Notes	Village page lists the 2006 IBC; 2018 Property Maintenance Code adopted. IRC edition not found. Call to confirm edition and reroof permit rules. Researched Oct 1, 2026.		

Berwyn

County	Cook	**Claim volume**	Medium (4 recent claims)
Code edition	2024 IRC	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-788-2660 ext. 6442
Code source	https://codelibrary.amlegal.com/codes/berwyn/latest/berwyn_il/0-0-0-40018		
Building dept website	https://www.berwyn-il.gov/government/departmental-directory/building-department		
Notes	2024 IRC per search results (Part Fourteen of the city code). buildingpermits@berwyn-il.gov. Reroof permit rules not yet confirmed. Researched Oct 1, 2026.		

Hickory Hills

County	Cook	**Claim volume**	Medium (4 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-237-4140
Code source	https://codelibrary.amlegal.com/codes/hickoryhillsil/latest/hickoryhills_il/0-0-0-3333		
Building dept website	https://hickoryhillsil.org/city-departments/building-department/		
Notes	City Code 24.01: 2021 IRC. LOCAL MATCHING RULE: replacement shingles must match exactly in quality, color and size; if the Building Commissioner finds the roof is not uniform, complete reroofing is required. Strong support for full replacement. Researched Oct 1, 2026.		

La Grange

County	Cook	**Claim volume**	Medium (4 recent claims)
Code edition	2015 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-579-2320
Code source	https://www.lagrangeil.gov/472/Building-Code		
Building dept website	https://www.lagrangeil.gov/471/When-is-a-Permit-Required		
Notes	2015 IRC, effective Aug 2021. Roof repair/replace is an express permit via OpenGov portal. Village publishes a Roofing Interpretation covering recover limits (pull it). permits@lagrangeil.gov. 2015 IRC is older than the PA 103-0510 baseline window. Researched Oct 1, 2026.		

Naperville

County	DuPage, Will	**Claim volume**	Medium (4 recent claims)
Code edition	Unknown	**Research status**	In progress
Reroof permit	Not required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	630-420-6100 (option 2)
Code source	https://library.municode.com/il/naperville/codes/code_of_ordinances?nodeId=TIT5BURE_CH1BUCO_ARTHPRMACO_5-1H-2APPRRE		
Building dept website	https://www.naperville.il.us/businesses/development-resources/building-permits/		
Notes	Edition unclear: sources cite the 2018, 2021 and 2024 IRC; code text suggests 2024. Drip edge is required in all three. No permit for asphalt shingle reroof or vinyl/aluminum/cement board siding if existing sheathing stays; metal, wood, slate or membrane roofs need one. buildingpermits@naperville.il.us. Researched Oct 1, 2026.		

Oak Brook

County	DuPage, Cook	**Claim volume**	Medium (4 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	630-368-5101
Code source	https://codelibrary.amlegal.com/codes/oakbrookil/latest/oakbrook_il/0-0-0-6428		
Building dept website	https://www.oak-brook.org/159/Applications-Forms-Permits		
Notes	Village Code 10-1-1: 2021 IRC; amendments in 10-1-2. Senior Permit Coordinator: 630-368-5108. Reroof permit rules not yet confirmed. Researched Oct 1, 2026.		

Robbins

County	Cook	**Claim volume**	Medium (4 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-385-8940 ext. 233
Code source	https://www.robbins-il.com/government/code_of_ordinances.php		
Building dept website	https://www.robbins-il.com/services/building_zoning/index.php		
Notes	2021 IBC and IRC. License and permit required before work starts; roofers provide state roofing license. 3327 W. 137th St; Mon-Fri 9-3. Researched Oct 1, 2026.		

Romeoville

County	Will	**Claim volume**	Medium (4 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	815-886-7200
Code source	https://romeoville.org/DocumentCenter/View/9181/Chapter-150-Building-Ordinance---Final-Copy

Code source	https://www.cityofcresthill.com/DocumentCenter/View/1555/Code-of-Ordinances		
Building dept website	https://www.cityofcresthill.com/148/Building-Department		
Notes	City Code 15.04.010: 2015 IBC/IRC; city expects to adopt the 2021 codes before end of 2026, so recheck. buildingdepartment@cityofcresthill.com. Researched Oct 1, 2026.		

Downers Grove

County	DuPage	**Claim volume**	Low (2 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Not required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	630-434-5500
Code source	https://agendadocs.downers.us/public/docs/agendas/2023/09-12-23/ORD_2023-10035.pdf		
Building dept website	https://www.downers.us/permits		
Notes	2021 IRC with village amendments. No permit for residential shingle replacement, but the work must still meet the 2021 IRC as amended. Community Development 630-434-5531. Researched Oct 1, 2026.		

Joliet

County	Will	**Claim volume**	Low (2 recent claims)
Code edition	2015 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	815-724-4070
Code source	https://www.joliet.gov/government/departments/community-development/building-inspectional-services-division/building-code-information		
Building dept website	https://www.joliet.gov/government/departments/community-development/building-inspectional-services-division/residential-building-permit-information		
Notes	2015 IRC. City permits FULL-SLOPE replacements only: any roofing scope that would mix new and existing shingles on a slope will not get a permit (no patching). Permit required for any roof work; $65 under $7,000, plus $10 per $1,000 above. Building & Inspectional Services, 150 W. Jefferson St. 2015 IRC is older than the PA 103-0510 baseline window. Researched Oct 1, 2026.		

Justice

County	Cook	**Claim volume**	Low (2 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Required	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	708-458-2130
Code source	https://codelibrary.amlegal.com/codes/justice/latest/justice_il/0-0-0-23106		
Building dept website	https://www.villageofjustice.org/departments/building_department/		
Notes	2021 IRC. LOCAL SHEATHING RULE (Sec. 8-64): if more than 25% of roof sheathing must be replaced, 5/8" plywood is required on the ENTIRE roof. Roofing by state-licensed contractor or homeowner; contractor applies for permit. Permits@VillageofJustice.org. Researched Oct 1, 2026.		

Lemont

County	Cook	**Claim volume**	Low (2 recent claims)
Code edition	2021 IRC	**Research status**	In progress
Reroof permit	Unknown	**Max roof layers**	2
Ice & water shield	Unknown	**Drip edge**	Required
Other code items	—	**Building dept phone**	630-257-1580
Code source	https://www.lemont.il.us/departments/building/building-code
